SURETEK INFOSOFT   *CASE STUDY*

WEB APPLICATION FOR ART GALLERY WITH E-COMMERCE

CLIENT PROFILE

Our client owns a world-class Art gallery exhibiting paintings, photographs, sculptures, and more from national and international artists.

CLIENT SIDE SUMMARY

He demanded an alluring website that portrays the artists and their piece of arts, the exhibitions and events sorted by time, an internal search engine for searching the items. His main aim was to promote his gallery; attract artists, to choose the site for displaying their work, as well as the customers for online purchasing/ordering. The online selling of products was part of the customer requirement.

THE CLIENT

Client: Art Gallery Owner | **Location:** United Kingdom | **Industry:** Art and Craft
